

Products for Industrial Galvano Plating

www.candorsweden.com

Candor manufactures chemicals and processes for the surface finishing industry. Our processes meet the demands for decorative appearance as well as for technical functionality. Our speciality is environmental friendly processes combined with the highest quality.

Plating chemicals...

The processes are divided into two broad categories, decorative and functional plating. Candor has a wide range of expertise in plating, such as copper, zinc, nickel and chromium, from the actual plating process to the final passivation.

Candor products meet the demands to the following market areas and to each market area we are able to supply complete "package" of different products:

- Pretreatment
- Automotive Industry
- Telecom Industry
- Decorative plating
- Corrosion protective coating
- Hard chrome plating
- Electroless plating
- Electrolac
