Pretreatment before painting

Candor supplies chemicals and processes for the surface treatment industry of light metals.

Depending on market area we manufacture our own product or work together with International partners.

Our processes meets the demands for decorative appearance as well as for technical functionality.

Our speciality is environmental friendly processes combined with the highest quality.

Candor products meets the demands of different market areas and to each market area we supply complete "package" of different products:

- Pretreatment
- Iron phosphate
- Zinc phosphate
- Corrosion protection – passivation

Green products – Replacement of phosphate

- E-CLPS
- Silane products
- Zirca - Sil
- TRI-CLPS
